**A 16:** **At the time of full proposal submission it is recommended to provide the principles ruling the consortium agreement (CA) but not the CA itself.** A duly signed and stamped consortium agreement (CA) between the project partners is recommended for funded projects based on national/regional funding rules, including agreements on intellectual property rights (IPR) and agreements on scientific publications. At the time of full proposal submission it is recommended to provide the principles ruling the CA but not the CA itself.

Examples for consortium agreements can be found on the website of the European IPR helpdesk: <http://www.iprhelpdesk.eu/services>

**Q 17:** Are any changes from Pre-Proposal to Full-Proposal and beyond allowed?

**A 17:** **Only in exceptional cases changes from Pre-Proposal to Full-Proposal and beyond are allowed.**

Project objectives stated in the Pre-Proposal cannot be changed. Other changes from Pre- to Full-Proposal and beyond should be avoided. In any case, changes from Pre- to Full-Proposal stage and beyond have to be coordinated with all involved funding organisations by the consortium leader! It is not possible to add new countries to the consortium after the Pre-Proposal stage, i.e. if new partners need to be added, they must originate from countries already participating in the proposal. This means that changes regarding partners, content, costs, funding or consortium have to be communicated to all involved funding organisations. The consortium leader is responsible to coordinate and ensure the acceptance of these changes by the involved funding organisations.

Other direct costs can be costs for seminars or for renting rooms. **Indirect costs** are general administrative costs – overhead costs incurred in connection with the direct costs of the action.
